## County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works  
Scott Duffield, Project Manager

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 1/27/2015

SUBJECT: Submittal of a resolution concluding emergency contracting for Nacimientto Water Pipeline repairs. All Districts.

### **RECOMMENDATION**

It is recommended that the Board, acting as the San Luis Obispo County Flood Control and Water Conservation District, adopt the attached resolution, by 4/5 vote, which will conclude emergency contract work for Nacimientto Water Pipeline repairs.

### **DISCUSSION**

On June 2, 2014, the Nacimientto water pipeline had to be shut down due to a significant leak that was discovered in a remote section of Camp Roberts near the Nacimientto River. On July 8, 2014, your Board adopted a resolution which waived the requirement of a competitive bidding process to allow emergency work on the Nacimientto water pipeline, and authorized the Director of Public Works to execute sole source contracts for said emergency work. Similar resolutions had been adopted by your Board at intervals of no less than fourteen days or at the next regularly scheduled meeting, whichever is later, in accordance with Public Contract Code Section 22050 to assure that the actions are necessary.

The department engaged Whitaker Construction and Ballard Marine Construction to investigate and document pipeline leaks during the period of emergency contracting. This action was necessary as the scope and nature of the work effort evolved over the past six months.

At this time all emergency contracting work has been completed. The trench shoring in place will be necessary until such time said trench shoring can be demobilized, estimated to be in one to two weeks. V. Lopez & Sons has been awarded a contract for permanent repair of the Nacimientto River Crossing, by your Board, at the January 6, 2015 meeting. This action will conclude our immediate need to put the line back in service.

## **OTHER AGENCY INVOLVEMENT/IMPACT**

The Nacimiento participating agencies that receive Nacimiento water for distribution to their customers include the City of Paso Robles, Templeton Community Services District, Atascadero Mutual Water Company, the City of San Luis Obispo, and County Service Area 10A. The Nacimiento Commission and Nacimiento Technical Support Group support the forensic investigation, repairing the leaking locations, and restoring the pipeline to delivery service.

The Office of County Counsel has reviewed and approved the attached resolution as to legal form and effect.

## **FINANCIAL CONSIDERATIONS**

The work was funded from the Nacimiento Operating Fund. The cost of emergency contracting is approximately \$924,000, and includes final demobilization from the site. Sufficient budget exists, at this time, to cover the work.

## **RESULTS**

Approval of the recommended action will conclude emergency contracting work for the Nacimiento Water Pipeline repairs. This will lead to a safer and well-governed community.
